

## Pearson Users Conference

October 15-17, Anaheim, CA

At Pearson, we are excited about providing solutions that impact performance daily. Whether it's reporting, grading, scheduling or communicating, Pearson student information systems and performance solutions make schools' and districts' jobs easier and provide the information needed to make better, more timely decisions. To help you get the most out of your investment in our products, we invite you to attend the 2008 Pearson Users Conference in Anaheim, California.

### Conference Overview

Join us for a unique professional development experience and learn more about the following products:

#### Student Information Solutions:

- **SASI** – A proven, comprehensive student information system
- **PowerTeacher** – An innovative classroom tool built for teachers with superior usability, functionality, and performance
- **PowerSchool** – A fully integrated, web-based, cross-platform student information system used by thousands of school districts

#### Reporting and Data Analysis Solution:

- **Pearson Inform** – Easy-to-use, web-based achievement analysis and decision support for the whole education community

#### Assessment Solution:

- **Pearson Benchmark** – Customizable, web-based district benchmark testing

#### And More:

- Schools Interoperability Framework (SIF)
- Master Schedule Building Workshop
- Complementary Exhibitor Solutions

### New This Year

- “Lessons Learned” sessions from customers who successfully managed their migration from SASI to PowerSchool and are ready to share tips about planning, implementation, training, team building, and managing expectations
- PowerSchool Systems Overview and Requirements sessions to help you understand the technical requirements of moving to PowerSchool Premier

### What Past Attendees Are Saying

“This is a very valuable conference. I always come away with something that saves me hours of time and work.”

“This was the first Pearson Users Conference I have attended and it was a wonderful experience! I learned so many things that I have already utilized in my district.”
