February 15, 2008

Dear Win School / Mac School Customer,

We at Pearson understand the central role a Student Information System (SIS) plays in your district. As such, it is important that we provide you with the capability to keep pace with technology advances, whether this involves upgrading current products, introducing new products, or developing entirely new platforms.

As you are no doubt aware, Win School and Mac School have been in maintenance phase for some time. While Pearson continues to support these products, no new features are being added, which makes it increasingly difficult for you to respond effectively to state reporting requirements and mission-critical operations.

We are committed to providing you the tools and technologies you need to be successful and have created special product migration packages for this purpose. These packages include either Chancery SMS or PowerSchool Premier, as well as implementation, consulting, training, data conversion, and software licensing, bundled together to provide an outstanding value to your district. Please review the attached documentation for details regarding the timing and proposed migration planning for your district.

We would also like to invite you to be our guest at an online presentation that will outline our product vision and provide you with information on important dates, including:

- Discontinuation of product support for Win School/Mac School – August 1, 2010

During this presentation, we will provide information on our SIS systems, as well as profile PowerTeacher, our new flagship product for teachers. This is your opportunity to ask questions and get the answers you need.

To register for this Webex or to learn more about the details of our Loyalty Program for Win School and Mac School customers, please log on to www.Powerschool.com or www.Chancery.com and click on the link titled "Special Offers for Win School and Mac School Customers." Or, call us at 877-873-1550.

Pearson has maintained a strong commitment to education and the needs of our customers for over 40 years. We value our relationship with you and look forward to providing products and services that will serve you effectively, now and in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Mary E. McCaffrey".
